**Department of Co-operation**

Office of the Registrar of Co-operative Societies

Notification

1-29-2013-14/PLG/RCS/233/2496

Introduction: The Government of Goa is pleased to approve the Scheme and Pattern of Financial Assistance to the Dairy Co-operative Societies in the State in the form of Grant/Subsidy for their development/ smooth functioning of business and other allied activities.

1. *Short title and commencement.*— This scheme shall be called "Infrastructure Development Scheme for Dairy Co-operatives" by way of Grant/Subsidy to meet the administrative/managerial expenses on staff salaries and allowances, wages, office expenses, rent rates and taxes and equipments. It shall come into force from the date of its publication in the Official Gazette.

2. *Background.*— The Dairy Co-operative Societies undertake the collection of milk from

their individual producer members and supply the same to the Milk Union, which is a federal institution of Primary Dairy Co-operatives. Presently the State is facing acute shortage of milk, as a result milk from neighbouring States is being imported, so to achieve the self sufficiency in milk production it is felt necessary to boost the local production by strengthening the Dairy Co-operatives. Presently the Government provides financial assistance to the Dairy Co-operatives in the form of share capital for strengthening its capital base, loan and subsidy for construction of godown-cum-office building and loan & subsidy for purchase of computer & accessories and also managerial subsidy. The main aim of the scheme is to provide financial assistance to the Dairy Co-operative Societies for their development/smooth functioning of business and other allied activities, to enable them to become stable and to create better infrastructure. The Dairy Co-operative Societies plays a very important role for production of milk, to help Dairy farmers in their livelihood, supply of milk to public through their respective Co-operative Dairy Societies and to the Goa Dairy Milk Union, Curti-Ponda.

3. *Objectives.*— (A) To strengthen grassroots co-operative movement, (B) To enable village co-operatives to become economically viable, (C) To raise better infrastructure for primary Dairy Co-operative Societies.

4. *Pattern of Financial Assistance.*— I. The Dairy Co-operative Societies under General Category who are regularly supplying the milk to the Milk Union shall be entitled for the financial support in the form of grant on the following pattern on yearly basis subject to availability of funds.

Sr. No.	Daily collection of Milk	Grant entitled in Rs.
1.	Above 500 liters per day	Rs. 1,50,000/-
2.	300-500 liters per day	Rs. 1,00,000/-
3.	150-300 liters per day	Rs. 75,000/-
4.	50-150 liters per day	Rs. 30,000/-

II. The Dairy Co-operative Societies under Tribal Sub Plan/Schedule Caste Sub Plan who are regularly supplying the milk to the Milk Union shall be entitled for the financial support in the form of grant on the following pattern on yearly basis subject to availability of funds.

Sr. No.	Daily collection of Milk	Subsidy entitled in Rs.
1.	Above 1250 liters per day	375000.00
2.	1000-less than 1250 liters per day	300000.00
3.	750-less than 1000 liters per day	225000.00
4.	500-less than 750 liters per day	175000.00
5.	300-less than 500 liters per day	125000.00
6.	75-less than 300 liters per day	100000.00
7.	25- less than 75 liters per day	50000.00

5. *Detail guidelines of the scheme are as under.*— a) The society shall submit the Milk Supply Report from the Milk Union for the period for which the assistance is applied for along with proposal. For e.g. the Milk Supply Report for the year 2022-23 shall be furnished for availing the assistance during the year 2022-23 or 2024-25.

b) The scheme is applicable to the societies only after one year of its registration.

c) The Society having minimum 15% shareholders as ST/SC as the case may be, shall be considered as TSP/SCSP Co-operative Societies for the purpose of availing assistance. For this purpose, the Society shall submit the list of ST/SC members to ascertain the percentage of shareholders among ST/SC.

d) The concerned Asstt. Registrar shall certify the correctness of the Milk Supply Report of the society by verifying the records of the society.

e) The society shall submit the proposal to the concerned O/o Asstt. Registrar in the

prescribed application along with all the requirements.

f) The Government may relax/modify any of the above conditions if deemed necessary.

g) The society shall approve the proposal for Government assistance in the General Body/Special General Body before submitting the proposal to the concerned office of Assistant Registrar.

h) The Registering Authority shall verify the utilization of the grants released.

Scrutiny Committee.— There shall be a committee for the purpose of scrutiny and recommendation of all the proposals received under above scheme to the Government for sanction as below:—

1) The Registrar of Co-operative Societies & ex officio Jt. Secretary to the Government of Goa as Chairman.

2) Dy. Registrar of Co-operative Societies/ /The Assistant Registrar of Co-operative Societies under whose jurisdiction the Societies falls as a Member.

3) The Deputy Director (Dairy Incharge) Department of Animal Husbandry and Veterinary Services as a Member.

4) The Assistant Accounts Officer, O/o Registrar of Co-operative Societies, Panaji, as a Member.

This Notification supersedes the earlier Notification No. 1-29-2013-14/PLG/RCS/158/ /2947 dated 27th November, 2020.

This has been issued with the concurrence of Finance (Expenditure) Division vide their U. O. No 38561/F dated 05-09-2024.

By order and in the name of the Governor of Goa.

Arvind Bugde, Registrar of Co-operative Societies & ex officio Jt. Secretary.

Panaji, 21st October, 2024.

Department of Fisheries

Notification

DF/AQUA/NAT-MARI-POLICY-I/
/2024-2025

Ref.: Notification No. DF/AQUA/NAT-MARI-POLICY/2020-2021 dated 07-08-2020 published in Official Gazette, Series I No. 21 dated 20-08-2020.

In partial modification of the notification referred above of the Goa State Mariculture Policy 2020, Sr. No. 1 second para, Sr. No. 3 sub point (3.2) (B), Sr. No. 3.6 sub point 4 and Sr. No. 3.6 sub point 6, is revised and amended as follows:

Sr. No. 1 second para

Mariculture— (a specialized branch of aquaculture involving the cultivation of marine organisms/marine plants (algae/seaweeds) for food and other products in an enclosed section of the sea such as cages/pens, or in tanks or raceways which are filled with saline water)-represents an opportunity to provide a sustainable supplement or an alternative to the marine capture fishery. It is also a means of diversifying the fisheries sector, introducing new skills and technologies into a largely traditional and somewhat static sector of the economy. Mariculture can increase employment and income in areas with marginal economies as well as advance coastal zone management objectives through improved marine resources planning and management. Under ideal circumstances, it could lead to the reduction of foreign exchange expenditure for the importation of fish and fish products, as well as provide a source of foreign exchange through product export. Presently, the relatively low capital input required makes it an opportunity that is accessible to lower socio economic groups.

Sr. No. 3 sub point (3.2) (B)

B) Zone B where offshore aquaculture activity in the form of open sea cage farming is permitted. This zone will be further classified as follows:

Sr. No.	Particular	Size of cages	Distance	Depth
Zone B-1	Small size cages	6m.-10m. dia.	3-5 k.m.	10-15 m.
Zone B-2	Large size cages	Above 10m. dia.	6-20 k.m.	Above 15 m.

Sr. No. 3.6 sub point 4

The licensed area for open sea cage farming shall be based on the total water spread and the fee stipulated will be as follows:

a) Zone B-1 (Small size cages)

Sr. No.	Area	Nominal fees (Rs. per annum)
1)	Upto 500 sq.m.	Rs. 500/-
2)	500 to 1000 sq.m.	Rs. 1000/-
3)	1000 to 2000 sq.m.	Rs. 2000/-
4)	2000 to 4000 sq.m.	Rs. 4000/-

b) Zone B-2 (Large size cages)

Sr. No.	Area	Nominal fees (Rs. per annum)
1)	Upto 500 sq.m.	Rs. 5000/-
2)	500 to 1000 sq.m.	Rs. 10,000/-
3)	1000 to 2000 sq.m.	Rs. 20,000/-
4)	2000 to 4000 sq.m.	Rs. 40,000/-

Sr. No. 3.6 sub point 5 to be deleted

Sr. No. 3.6 sub point 6

Leasing method: Sealed tender cum open auction may be adopted for leasing of area for open sea cage farming at place identified by the Expert Committee for Zonation and Demarcation of Marine Waters for Mariculture only if more than one application is received for the same location.

Department of Public Works

Notification

24-17/PWD/PCE-EO/2024-25/138

Policy on Operation and Maintenance for Drinking Water Supply

Whereas Public Works Department is responsible for Planning, Designing and Execution of Drinking Water Supply in the State of Goa for both Rural and Urban areas.

And whereas, Public Works Department is also responsible for Operation and Maintenance of Water Supply Schemes and its assets including fixation of water tariff, billing and revenue collection in the State of Goa for both Rural and Urban areas.

And whereas, it is essential to have an Operation and Maintenance Policy (O & M) with a mandate to achieve sustainable water supply and service delivery in drinking water supply in the entire State of Goa to each and every household with metered water supply connection.

Now therefore, Public Works Department, Government of Goa is pleased to frame Policy on Operation and Maintenance for Drinking Water Supply for its implementation from the date of issue of this Notification as under:

1. The policy will be called as the "Policy on Operation and Maintenance for Drinking Water Supply" and shall extend to the whole of the State of Goa under the jurisdiction of Public Works Department.

2. *Introduction.*— The O&M Policy will aim for better planning and execution of the operation and maintenance of the water supply system in the State of Goa in order to achieve smooth and equitable distribution to all with regularity, potability, quality and quantity with involvement of community to the extent as possible as defined in this policy. Suitable guidelines will be issued from time to time as and when required to ensure smooth execution of the policy.

3. *Objectives.*— a) To ensure potable water is supplied to each and every household with metered water supply connection.

b) To ensure that regular supply of potable water on a sustainable basis is achieved.

c) To ensure improved service levels as per State norms i.e. to provide 100 LPCD in Rural Areas and 150 LPCD in Urban areas with equitable distribution.

d) To ensure that an effective Non Revenue Water Reduction Management program with proper NRW reduction measures is implemented in every Assembly Constituency.

e) To undertake regular water quality testing as per standard protocols so that water quality is maintained and water supply is released with quality parameters within permissible limits and to take immediate action in the case of contamination.

f) To involve community for water quality testing using Field Test Kit.

g) The Department in coordination with the concerned Village Panchayat/Municipality will device a Information Education Communication (IEC), Human Resources Development (HRD) and Capacity Building Plan for taking up such activities on regular-basis. The terms will be allocated by the Department to undertake such activities in close coordination with the Department of Urban Development and Directorate of Panchayat.

h) To provide adequate manpower for handling the O&M of the Water Supply System.

4. *Constitution of Water and Sanitation Committee.*— All the Urban local bodies including Corporation City of Panaji (CCP) and Village Panchayats will constitute Water and Sanitation Committees in coordination with the Department of Urban Development and Directorate of Panchayats wherein the concerned Technical Assistant/Junior Engineer of the Public Works Department will be the co-opted member of the committee.

The Rules and Responsibilities of the committee, its composition will be decided by the Public Works Department in consultation with the Department of Urban Development and Directorate of Panchayats.

5. *Implementation of the Policy.*— a) The policy will be implemented by Public Works Department through its Works Divisions.

b) Each Works Division of the Public Works Department will prepare an Annual Action Plan for taking up various O&M activities/works etc., as required for carrying operation of its various Water Treatment Plants and Water Supply Schemes as per Annexure A for obtaining approval of Head of Department viz., Principal Chief Engineer, PWD on or before end of the February of the every financial year for its implementation for subsequent financial year including O&M of all the WTPs.

c) Each Municipal area, Village Panchayat area and CCP area will have a dedicated O&M team to undertake the various operation and maintenance activities viz., attending day to day leakages, breakdown and emergent works as per the need and requirement and the details of the dedicated team shall be given to the concerned Municipality/Village Panchayat/CCP for their information by PWD and to associate them during such works.

d) Additionally, in case of any shutdown of network/scheme the concerned Assistant Engineer will ensure wide publicity is given mentioning the affected area with intimation to the concerned Municipality/Village Panchayat/CCP. The same will also be updated in the “PWD Goa” Mobile App for the information of the general public.

e) Regular Water Quality Testing of all the water supply sources is conducted by the Department in addition to pre-monsoon and post-monsoon activities for all the water quality parameters and in case if there is any issue of water contamination then immediate measures are undertaken to ensure potable water is supplied through alternate measures and the water supply is disconnected till the problem is resolved and shall be released only after the water quality is found to be within permissible limits.

6. *Role of Local Body/Community.*— a) Community will be involved in testing of water quality through Field Test Kits (FTK) provided by the Department regularly as per the instructions issued by the Public Works Department to confirm the water supplied by the Department is potable and confirm to the relevant standards and within permissible limits.

b) All the households will regularly check their water supply internal distribution and take corrective measures to ensure minimum losses or the Department will take corrective action as per the Goa Provision of Water Supply Rules, 2023.

c) Households will be responsible for regular and timely payment of water supply bills to ensure the water supply connection is not disconnected as per the Goa Provision of Water Supply Rules, 2023.

d) Households shall ensure that no illegal booster pumpset are installed to draw the potable water and in case noticed by the Department then penalty and action as per the Goa Provision of Water Supply Act, 2003 and Goa Provision of Water Supply Rules, 2023 will be initiated.

e) Households/Community will ensure the water tankers hired by them for Drinking purpose are only through registered water tankers by Public Works Department and the details of all the water tankers will be displayed on the website www.pwd.goa.gov.in and “PWD Goa” Mobile App for the benefit of the community/household.

f) In order to ensure equitable distribution to all areas, only common metered water supply connection(s) will be released to the sump of the multi dwelling buildings. The developer of all such buildings/houses are required to have storage capacity of minimum 3 days to ensure continuous water supply to the residents.

g) Any maintenance activities undertaken by the department to be informed to the concerned Village Panchayat/Municipality and regular updates to be given till the completion by the concerned Assistant Engineer of the Department.

h) All the Government Departments/ /autonomous bodies will ensure timely payment of water supply bills either through Transfer entry or Direct payment and the concerned Village Panchayat will coordinate with the Department to recover the water supply dues as part of the O&M Policy.

7. *Convergence.*— Public Works Department will act as a Technical Advisor to all the Village Panchayat/Municipality/local bodies for convergence with other State/Central schemes and any other innovation/activities for use of drinking water facility and O&M activities and will be routed through the committee to be constituted as per Sr. No. 4 of this Policy.

8. *Changes in the Policy.*— This Policy shall be suitably adjusted, with the approval of the Government of Goa, to accommodate changes that may be necessitated on account of any technology or regulatory changes in order to keep this policy dynamically responsive to changing technology, regulatory regime or any other unforeseen development.

9. *Interpretation of the Policy.*— If any question arises regarding interpretation of any clause, word, expression of the Policy, the matter shall be referred to the Chief Engineer-I, PWD and the same shall be final and binding and no claim financial or legal shall be entertained.

This issues with the approval of the Government vide U. O. No. 1064/F dated 16-08-2024.

By order and in the name of the Governor of Goa.

U. P. Parsekar, Principal Chief Engineer, PWD and ex officio Addl. Secy.

Panaji, 26th September, 2024.
